9. License for public performances/temporary events (not requiring the Opinion of the Municipal Security Committee)
SECTION 2 - Box 1

Commercial Section – Licenses office

Issue of a temporary authorisation for the performance, as indicated in Section 2, for which structures for hosting the public (e.g. seats, galleries, etc.) will not be used and where the area will not be fenced in.

Regarding the use of systems and/or structures, declares that:

no structures and/or systems of any type will be used;

OR

an electrical system will be used; when collecting the license, the applicant shall supply a declaration signed by a qualified technician (in compliance with art IX of Ministerial Decree 19/8/1996) stating that same electrical system has been installed in a state of the art manner.

a platform/stage, and/or structures (mixer, American, etc.) shall be used; when collecting the license, the applicant shall supply a declaration signed by a qualified technician (in compliance with art IX of Italian Ministerial Decree 19/8/1996) stating that same platform/stage, and/or structures has/have been assembled correctly and certifying their static fitness.

plants and structures shall be installed for which application of art. 141 last point of Royal Decree no. 635/40, as replaced by art. 4 point 2 letter b of Italian Presidential Decree 311/2001, is required;

the area is already safe and suitable for the activity of _____ as per certificate of compliance no. _____ of _____ or report by the Municipal Security Committee dated _____ and:

- there will be no additional structures that alter conformity to standards;
- an electrical system will be used, and a test report will be presented;

Attachments in the case of application of art. 4 point b) Italian Presidential Decree 311/2001

Sworn report signed by a qualified technician with which the applicant confirms that the configuration, structures and installed systems, approved by the Municipal/Provincial Security Committee with minutes dated(attach copy), have not changed from the previous event.

N.B. Organisers of large-scale events requiring large spaces (squares, for instance) and utilising a stage and powerful sound amplification systems, irrespective of the presence of structures for hosting the public (seats, stands, etc.), need to submit a request with accompanying documents to the Municipal Security Committee.

First Aid Plan – Azienda Regionale Emergenza Urgenza - A.R.E.U.

declares that terms of D.G.R. X/2453 dated 07/10/2014 regarding the organisation of first aid during events have been fulfilled. Declares also to follow **A.R.E.U.**'s rules and guidelines.

AREU forms can be downloaded here: https://www.areu.lombardia.it/web/home/eventi-e-manifestazioni</p>

13. Technical representative for the Municipal Security Committee

Security Committee	Declares to be represented by:		
	Name		
	born in	(province)	on
	role		
	Taxpayer's code	Residing in	(province)
	address	n°	Postcode
	Tel.	Fax.	E-mail
	Representative attachments:		
	<input type="checkbox"/> Valid identity document of the representative;		
	<input type="checkbox"/> Residence permit for non-EU citizens		

14. Noise impact

To comply with the laws on protection from noise pollution,

- given the national and regional laws on protection from noise pollution: Italian Law no. 447 of 26th October 1995 “Framework legislation on noise pollution” with subsequent amendments and subsequent implementing decrees, Regional Law no. 13 of 10th August 2001 on “Regulations on noise pollution” with subsequent amendments and subsequent implementing decrees;

- acknowledging the contents of the document “Guidelines for the issue of authorisations for events in a place that is public or open to the public and for temporary or mobile performances. Update of the number of public performances and municipal services forecasted”, approved by Town Council Decision no. 1076 of 23 May 2014;

DECLARES that:

the performance will be carried in compliance with the maximum levels established by the Ministerial Decree of 14th November 1997 “*Determination of the maximum levels of sound sources*”

OR that:

the performance, even exceeding the maximum levels established by Ministerial Decree of 14th November 1997 “*Determination of the maximum levels of sound sources*”, will be carried out in line with the “*Guidelines for the issue of authorisations for events in a place that is public or open to the public and for temporary or municipal services forecasted*”, approved by Town Council Decision no. 1076 of 23 May 2014;

In addition declares that:

that the following sound sources will be used (electroacoustic systems, electrical generators, and other possible sound sources):

SOUND SOURCE (type, brand, model)	QUANTITY	POWER (WATTS)	NOISE LEVEL dB(A)

Near the area where the performance is to be carried out, the following elements are more exposed to the noise emissions generated by all the sources listed above (*indicate: address, road number, distance in metres from the sources*):

Buildings for residential use _____

Hospitals / rest homes / nursing homes _____

Schools _____

The following technical-organisational measures will be undertaken to minimise the noise impact (position and direction of the stage and sources, control systems and adjustment of the sound emissions, system setting, etc.):

All noise that is not necessary for the event will be avoided. As far as is possible, noise disturbance caused by the public at the end of the event will be prevented and avoided;

The Person in charge of the performance noise management, whose availability must be guaranteed while the activities for which authorisation is granted are being carried out, is

name _____

born in _____ on _____

address _____

taxpayer's code _____ Role:

phone : _____ e-mail: _____

Attachments:

Scaled plan of the area where the performance is to be held and the surrounding area within a range of 200 metres, on which the following elements are correctly shown: stage, all the sound sources indicated above, the receivers identified by type of function, possible meeting areas and parking areas.

Specification sheets of the systems used.

Noise impact forecast documentation (*optional*).
